February 2024

Introduction – Global Road Safety Partnership (GRSP)

Dave Cliff, GRSP

About Us

- Hosted by the International Federation of Red Cross and Red Crescent Societies (IFRC)
- Headquartered in Geneva, Switzerland
- Founded in 1999 after IFRC's 1998 World Disasters Report:
 - Identified catastrophic number of traffic injuries and deaths and dramatic consequences on people and their livelihoods
 - IFRC, World Bank and British Govt's Dept for International Development (DFID) decided to create GRSP
 - Member-based organisation
 - Bring together governments, government agencies, private sector and civil society to urgently address road safety

Our vision:

A world free of road crash death and injury

Our mission:

Sustainable reduction of road-crash death and injury with a focus on low- and middle-income countries

Our governance:

Elected Chair and Board (Executive Committee)

We Specialise in:

- Bringing together relevant stakeholders from business, government and civil society organisations.
- Helping them to implement good practice road safety solutions adapted to their local language and culture.

The three “voices” each have something unique to bring to road safety solutions:

- **Civil society** brings the voice of change and societal improvement.
- **The business** voice brings target setting and focused efficiency of action.
- **The government** voice brings the ability to enshrine efficient social change into legislation.
