Parallel Session V: ADB-PRC RKSI

Evidence from the CAREC Corridor Performance Measurement and Monitoring Database

Hall #220, 2nd floor

This session dedicated to the project on CAREC Corridors Performance, Measurement and Monitoring (CPMM) launched in 2009 by the Asian Development Bank (ADB). The CPMM is a methodology for quantifying, evaluating, and monitoring the time and cost effectiveness of cross-border trade across the six CAREC corridors. Time and cost data from standardized forms are transmitted on a monthly basis, subsequently consolidated, analyzed, and published. The overall purpose of this session is to create awareness about CPMM publications and data to be used by relevant stakeholders.
